

## INQUESTS ARISING FROM THE DEATHS

### IN THE WESTMINSTER TERROR ATTACK OF 22.3.17

---

#### SUBMISSIONS ON BEHALF OF RH

---

1. We represent RH who is an IP in these proceedings. Regrettably, we will not be in a position to attend the PIR hearing on the 2<sup>nd</sup> July 2018 and trust that these brief submissions deal with the issues relevant to RH.
2. We have considered the Submission of CTI and have no observations to make save in relation to the application for anonymity on behalf of our client and her children. At paragraph 24 of CTI's Submissions a timetable is set out in relation to the final resolution of the anonymity applications. We note that media organisations will be given an opportunity to make written representations as to the anonymity applications and that we will have until the 23<sup>rd</sup> July to respond. We will respond to any written representations that are made by media organisations and will take the opportunity at the same time to respond to CTI's Submissions at paragraph 27 onwards.
