Dear Madam

Inquests arising from the deaths in the Westminster Bridge Terror Attack of 22 March 2017

We act for the London Ambulance Service (LAS) and write to respond to the Chief Coroner's regulation 28 report on action to prevent future deaths.

The report is addressed to eight recipients including the LAS but we note that the Chief Coroner found that it was not appropriate to record any matter of concern in respect of the LAS. In the circumstances, there is no need for LAS to respond further or to take action to prevent future deaths. The LAS refers again to its written submissions dated 8 November 2018, which the Chief Coroner accepted and LAS repeats their admiration for the immense dignity and stoicism that all of the families have shown throughout these inquests.

Yours faithfully
